

Marina management that flows effortlessly, like a gentle ocean current

We handle the hard work, so you can focus on
delivering the best for your clients.

What we're here for

Smart Solutions for Marina Operations

Maximizing occupancy with seamless, stress-free booking management

Your Entire Marina Operation, Simplified on One Seamless Dashboard

Old Systems That Can't Keep Up with Today's Demands

1.

Complex Marina & Slip Management

2.

So complex, it feels like it's built for IT professionals.

3.

Manual Enquiry Handling for Marina Sales

4.

Why settle for software that makes every booking a chore?

5.

Ineffective Waitlist Management

6.

Far from easy—it requires constant manual handling just to manage bookings.

7.

Not customer-friendly and lacks any real engagement with clients.

Our Innovative Solution

Marina Map View with Real-Time Insights

- Get a clear view of slip availability, bookings, and revenue in real time. Automatically track waiting lists with 24-hour update notifications."

Automated Slip & Booking Management

- "Effortlessly manage rented, available, and sold slips, and minimize revenue loss with smarter space utilization."

A Smart Dashboard

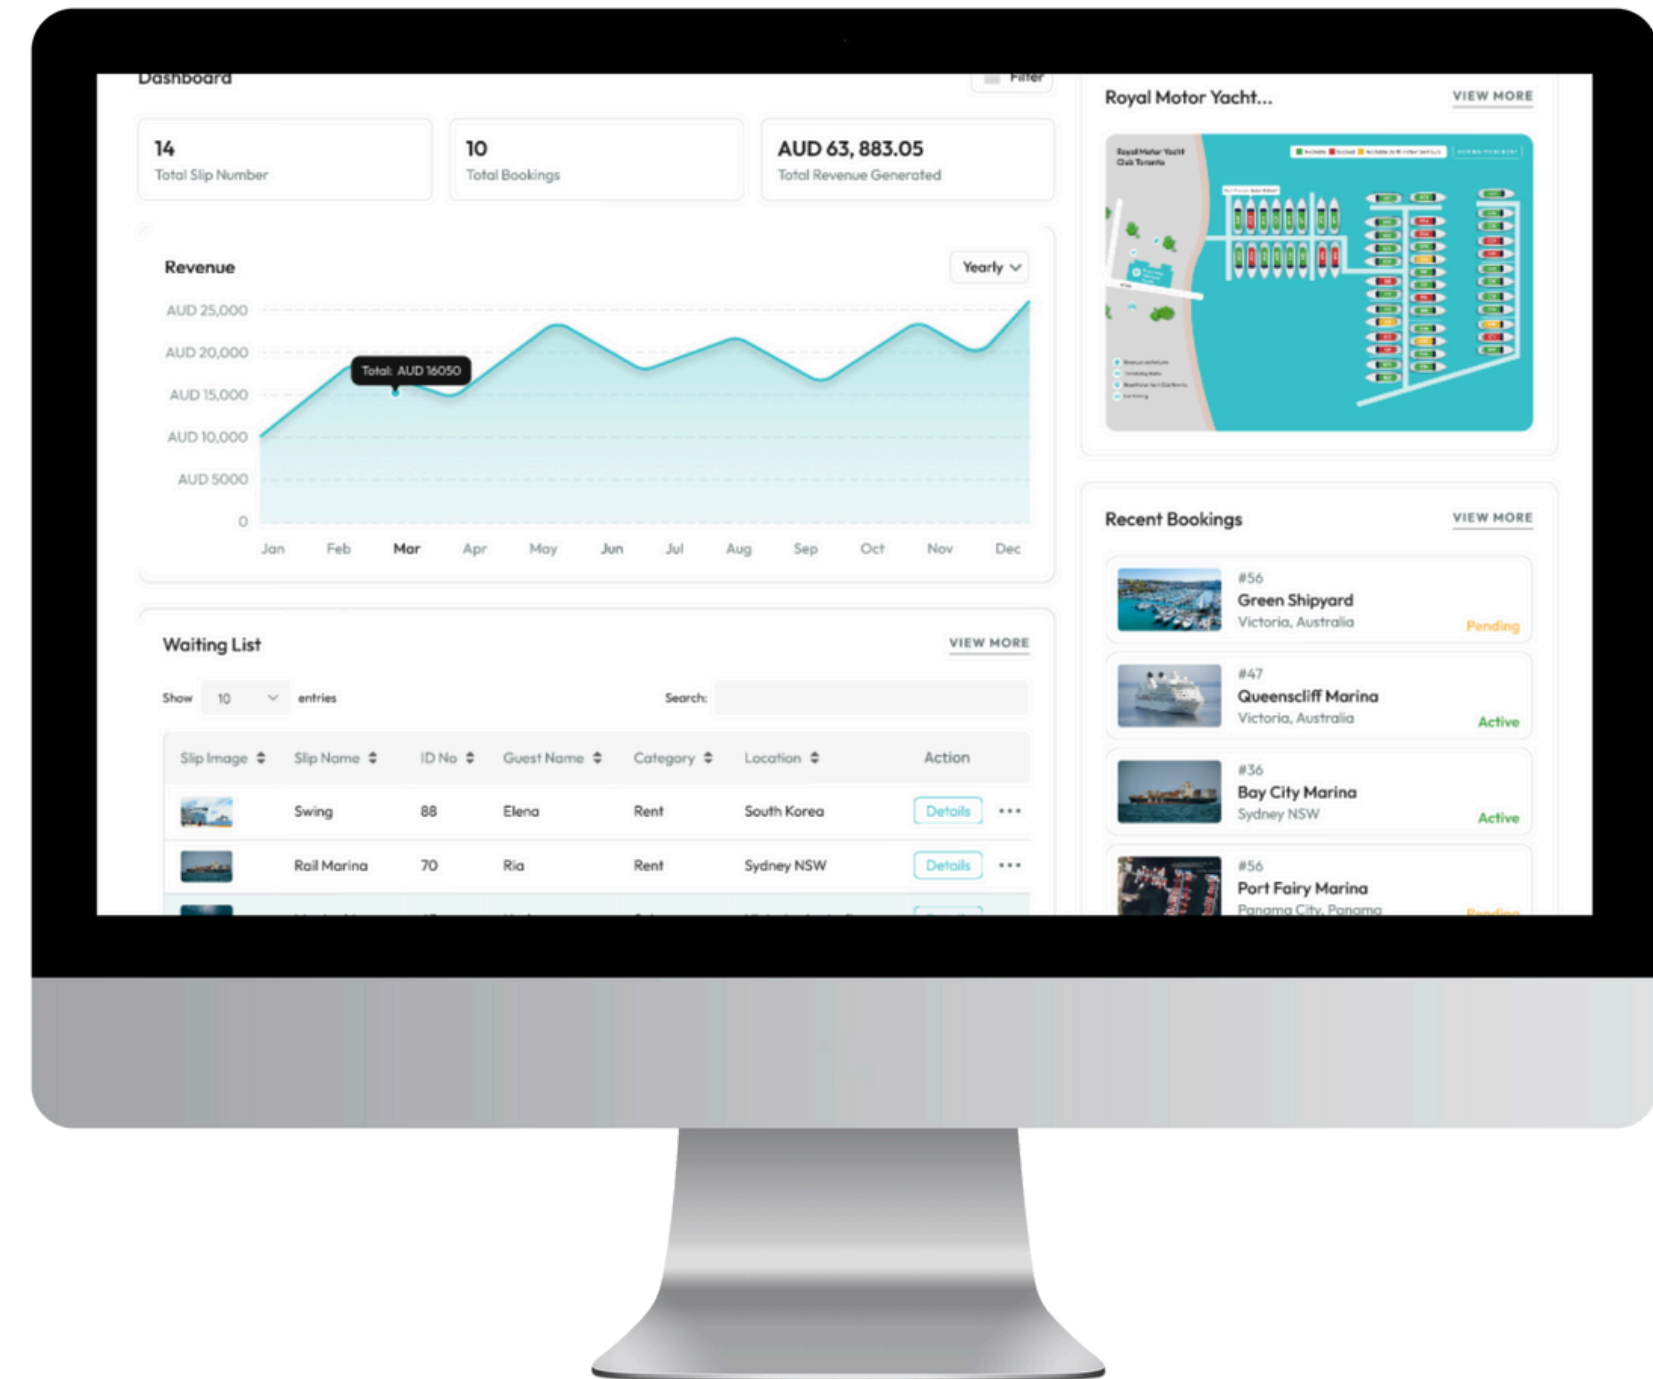

Advanced Dashboard & Revenue Analytics:

- Gain valuable insights into booking trends, occupancy rates, and overall financial performance.
- Filter data by year or month for deeper performance analysis.

Inquiry & Booking make easy and simple

- Customers input their details, and the system finds and books the perfect slip—fast and easy
